Dear Sid,

Reference is made to Contract No. HF-20-80 with The Perkin-Elmer Corporation for engineering and production of photographic and related ground support equipment for the FOG program.

Please advise whether or not all items required under the contract have been delivered and accepted on behalf of the Government. Should you find any items on which deliveries cannot be supported, it is requested that the item numbers, quantities outstanding, and any other data thereon be furnished me in order that disposition of the items may be checked with the contractor.

Delivery of Item No. 16 has been accepted by your memorandum of 14 November 1957.

It is also requested that this office be advised whether or not any GVP was supplied the contractor and, if so, the disposition made thereof.

Regards,

Dan
